David burst on to the Barefoot scene in 1999, taking the Junior World Trick championships and over the next few years Dave developed as a skier, taking world championships after world championships, but eventually making the Jump event his own and swapping top spot with great friend Keith for the Tricks. In February 2004, in Australia Dave set the Jump world record that was to stand for 6 years of 27.4m. Since 2004 Dave has remained un-beatable in Jump. In a thrilling Jump event at the 2010 World Championships in Germany, Dave's record appeared to fall with the use of the super high fly, but as a true champion Dave simply reset the bar with an almost feet to feet jump of 29.9m, Can anyone but Dave beat that!

An epic battle between Dave and Keith saw Keith take the Gold in tricks but Dave take the overall 2010 Crown.

Although Dave failed to beat Keith in Tricks at the World Championships, Dave set the World Record Trick score of 12,150 in 2010 at Lake Silverardo during his build up to the championships.

Dave has set a benchmark for barefooting that will be difficult for anyone to beat

Dave Small recently joined forces with then current World Champion Keith St. Onge to create the World Barefoot Center in Winter Haven, Florida. The WBC is nurturing young barefooters to rise to the top of the competitive world by offering sponsorship programs and all levels of training. Everyone will soon want to be on Team WBC.
