USA Requested Agenda Items

1. Update iwwfed-ea.org Rankings List to align or be filtered by our current age categories with Juniors, U23, Open, and the Masters divisions (35-44, 45-54, etc). Right now, it is only categorised "under 17" or "35+".

CM moved, and PT seconded the motion to approve adding the filters to rank each division; note that Juniors cannot be included in U23 as it is limited to ages 17-23, - Approved

2. Include Jump in Overall for Masters World Championships if the majority of Masters skiers are requesting this change after surveying all eligible skiers.

REG moved, and BP seconded to formally discuss jumping being added to the overall with the skiers at the Masters in France and report back to the Council-Approved

Website Updates: Currently being worked on

1. The current Ranking List page on the WBC website has a link to the 2020 & 2021 lists, updated to the most current.

2. Will our previous meeting minutes be approved and posted online after this meeting? 17.
