

2005 Junior / Senior World Barefoot Water Ski Championships

**Hermansdal Estate Lodge
Witbank
South Africa**

18 – 24 April 2005

International Water Ski Federation World Barefoot Council

Together with our hosts and the members of the WBC, I welcome you to South Africa for these the 6th World Junior and 4th World Senior Barefoot Water Ski Championships.

This week marks another first for our Sport. These are the first ever World Barefoot titles held within the African continent and hearty congratulations go to the Organising Committee, led by Marga Lindeque, for the unique presentation of our sport that we will all be part of during championship week. I cannot think of a more fitting tribute to one of the sport's all-time greats, Andre De Villiers Snr., who was so sadly taken from us 3 years ago and whose memory lives on with these World titles.

A warm welcome to our IWSF Barefoot Water Ski Officials who will see fair play for all competitors during the tough rounds of competition. Thank you all for giving up your time to be here with us, we appreciate the hard work you do for our Sport.

My thanks to the host town of Witbank for hosting us so proudly and to all the championship sponsors and service providers whose support and input is so valuable and necessary to make an event like this the true occasion that I know it will be.

We salute the South African Water Ski Federation and their President, Louis Polome in particular, for standing by the organising committee and backing them up with guidance, energy and enthusiasm so that the championships can be delivered to the extremely high standards that are required.

Finally, saving the very best till last, I welcome all our wonderful barefoot water ski competitors, the reason why we all do what we do. To our fantastic athletes, who all come here with aspirations of taking home a medal or even a title, and may be even a new World record as well, just for good measure, I wish each and every one of you the very best of luck this week. Now is the time for you to convert all those hours and hours of hard training into results and performances, which will validate your standing within our Sport. Go out there and show off the amazing skills and talents and revel in your glory as true **World Championship Barefoot Water Skiers**.

Andy Harris

April 2005. |

WELCOME MESSAGES

It is with great pleasure that the South African Water Ski Federation welcomes you to this beautiful site of the 2005 World Barefoot Water Ski Championships. This is becoming an event of undisputed international relevance.

Barefoot has always been an event that is very close to the heart of many people in South Africa. For many years, our barefoot skiers have always made South Africa proud on the international scene. The possibility of running these world championships was first discussed by the late André de Villiers and myself late one afternoon in early 2002. Here we are in 2005 and the event taking place in South Africa.

As part of the globalization taking part around the world, these championships offer an ideal opportunity for skiers, officials and supporters to visit the African continent and our beautiful country.

To the skiers, I would like to wish you the best of luck and hope that hours of intense dedication and sacrifice will pay off for all of you. To the Officials, I know that you will display the uppermost level of professionalism and undisputed partiality.

To the Organizers, your task was made that much more difficult with the lack of sponsorships but at the end, every piece fell into place. Well done for your determination to make these championships succeed with the budget at your disposal.

Our thanks also go to the International Water Ski Federation and in particular to its International President, Mr Kuno Ritschard and the president of the World Barefoot Council, Mr Andy Harris.

Louis Polomé
President
South African Water Ski Federation

On behalf of the South African Barefoot Water Ski Association, I would like to welcome you all to the 6th IWSF World Junior & 4th IWSF World Senior Barefoot Water Ski Championships. "Friendship, sportsmanship and unity" are the three elements that bind sportsmen/women throughout the world, with South Africa being no exception.

We sincerely hope that your stay in South Africa will be a memorable one and that the championship will be enjoyed by all. May you take back many happy memories of our Country and the high level of sportsmanship and friendship you find here.

A big welcome to Mr Andy Harris, President of the World Barefoot Council, we take this opportunity to thank you for your support and assistance throughout the years.

In order to stage this prestigious event, we had to raise large amounts of finance, and here I wish to express our sincerest gratitude to all our sponsors for their contributions. To our barefoot members who have personally contributed, my sincerest thanks. To Louis and Sally of the S.A.W.S.F. our thanks for your unflinching support. Without all of you we would not be here today.

We look forward to some spectacular barefooting and great sportsmanship, and hope that the week will be enjoyed by skiers, officials, supporters and spectators.

A HEARTY WELCOME TO SOUTH AFRICA and GOOD LUCK AND SMOOTH WATERS TO YOU ALL!

Marga Lindeque
Chairlady SA Barefoot

HISTORY OF BAREFOOT WATER SKIING

The sport of barefoot water skiing began in America in the 1950's. Dick Pope Jnr was the first person to be officially recorded as achieving this technique, although there is some doubt as to whether he was actually the first person ever to water ski without skis on his bare feet. The Australians were the first to really take it seriously and make it a competitive sport.

The first World Championships were held in Canberra, Australia in 1978 and the Australians won it hands down, with New Zealand second and the USA a close third. Ten teams took part. The championships have been held biannually ever since, Australia reigning supreme up until 1986 when the championships were held for the first time in Europe, at Kelheim, Germany. Here too for the first time, the Americans took the team title away from the Australians and have maintained their dominance to this day. Since then the Junior and Senior World Championships have been developed and we are presently taking part in the sixth Junior and forth Senior event.

Barefoot water skiing has been well established for many years now and is internationally recognized and acknowledged by the International Olympic Committee. Barefoot waterskiing is now an established competitive sport in the World Games, which are held every four years. This is a great event for barefooting and gives us a stage like other sports in the world.

a 2 year inspecta car warranty!!

Those Magnificent Barefooters

"BAREFOOTING IS CRAZY!" - That is the general opinion of the non-footing public. This kind of statement brings smiles to the lips of those who love it, because they know how much effort has gone into their quest to 'foot. Barefooting is an aspect of skiing that offers some of the most exhilarating sensations available behind a boat.

Whilst barefooting used to be considered a stunt of daredevilry, it is now a well organised, competitive sport. The administrators worldwide have continually altered tournament specifications to improve the field for the viewing public. Competition is improving constantly and the manoeuvres are becoming more incredible every time.

Barefooters are considered to be the elite as far as physical prowess is concerned. The technology of the skill is exploding with the invention of seemingly impossible tricks and stunts.

The astute water skiing fan will surmise that barefooting is one of the most rapidly growing segments of water sport. Herein lies the epitome of what it offers - gutsy physically fit athletes, fast action, thrills, excitement and plenty of awesome falls that keep spectators attentive and aghast.

Barefoot Water Skier's Prayer

Dear God... Father, Son and Holy Spirit

*We thank you for the sport of barefoot
skiing where there are winners,
those who do not meet their expectations,
But there are no losers.*

*As sovereign of the waters, we pray for...
Thy Fatherly protection from physical harm,
the assurance of thy Son's presence
and the spiritual victory that will allow us to
celebrate with You in paradise.*

In Jesus name, Amen
