

ITALIAN BAREFOOT HISTORY

Massimiliano Colosio, 1995 jump World record holder

Barefoot was born in Italy with the help of Vittorio Posca, from Morgan Sci Club. Located on the Como lake, this club was known as one of the greatest ski club in Italy, where a lot of former barefoot skiers come from, such as Enzo Molinari, Massimo Crespi, Mauro Vincenzi, Paolo Gilardoni, Amos Matteri, Elisa Borello or Elisa Valerio.

Vittorio Posca

Vittorio Posca was the only Italian skier to enter the first European Championships in 1976. During the early years, competition barefooting in Italy only consists in a wake slalom event, and tricks were later included. The first jump event was held in 1983, with a first overall Italian champion: Enzo Molinari.

Enzo Molinari

Massimo Crespi

Before this, 1982 was a great year for barefoot in Italy, when Massimo Crespi won the first gold medal for his country, during the European championships, which took place for the first time in Italy, at famous Milano Idroscalo.

Five years later, Massimo Crespi took one more gold medal, this time in the jump event, when bumping was still allowed. During these years, Italy was a leading team, ranked third at European level in 1986 and 1988, and even second in 1989 ! In 1990 and 1991, Alessandra Aureli broke twice the Region EA women jump record and won the gold medal in jump during 1991 Euro.

During the nineties, Italy was very consistent on the European scene, organizing in 1992 the first Region EA championships for junior division in Ravenna. One year later the Euro open championships took place in Viverone, before Albarella was the venue for many championships and Grand Prix finals.

Meanwhile, Italy reached the top of Europe, winning overall team gold in 1996, 1997 and 1999. Massimo Mastelli in slalom, Massimiliano Colosio in jump and Elisa Valerio in tricks and jump were crowned at the European level.

**CAMPIONATI EUROPEI 1993
PIEDI NUDI-VIVERONE-ITALIA**

Massimiliano Colosio

Massimiliano Colosio was known as a very strong jumper, using the inverted technique. On July the 30th 1995, during an European Grand Prix in the Netherlands, he broke the world record with an amazing 27.7 metres. Then he won the 1997 World Games jump event and at the World championships, he won bronze in 2000 and silver in 2002, before setting a new World record with 26.3 metres during 2003, with the new video jump measurement system.

Elisa Valerio won also a silver World medal at the 2000 Worlds in Fergus Falls, giving points to Italy for a great fourth place during this millennium World Championships.

Then came a new generation of skiers with brothers Giulio and Ettore Stagi, Filippo Mussano and Paola Aimone, with Nicola Saracco as team captain, and Massimo Mastelli as a strong and experienced leader

2010 saw the first Italian Region EA overall open champion, with Massimo "Max" Mastelli winning both senior and open overall titles in Lydd. This was the highlight of his career including a record of 9 golds in slalom since 1997 !

In 2017, Europeans championships were held in Fosso Ghiaia, with a strong silver medal for the combined team overall. Andrea Emma win the Junior division in 2017 and 2018 and a bronze medal in juniors tricks at World Championships.

Paola Aimone & Filippo Mussano

At last, the Italian team won the gold medal at 2024 Region EA championships. Young Vittoria Giublena took the bronze medal in tricks at following 2024 junior Worlds, where Italy won its first ever bronze medal in junior team overall.
